## Education

### Jaya Engineering College

*Bachelor of Engineering in Computer Science*

**Aug 2019 – Jul 2023**

*Thiruninravur, TamilNadu*

### St Theresa's Mat.Hr.Sec.School

*HSC*

### St Theresa's Mat.Hr.Sec.School

*SSLC*

**Jun 2018 – Mar 2019**

*Mannurpet, Chennai.*

**Jun 2016 – Mar 2017**

*Mannurpet, Chennai.*

## Relevant Coursework

- FullStack with java
- Frontend Development
- Fullstack Webdevelopment with Java (besant Technologies Anna nagar)
- Angular Framework
- Database Management

## Projects

### Emergency-Ambulance-Service Android Application | *Java, Firebase, Android Studio*

**May 2022**

- The Application for Digital Ambulance Services aims to provide a user-friendly platform for quick and efficient access to emergency medical care. The app allows users to request ambulance services in real-time through a digital interface, connecting them with nearby ambulance providers.
- The app also features a GPS tracking system that enables accurate location tracking of the ambulance en route to the user's location, providing real-time updates on estimated arrival times. The app also includes a feature for users to provide medical history and other relevant information to the emergency responders, enabling them to provide more personalized care.
- The app's intuitive interface and advanced features make it an essential tool for emergency response services, significantly improving the efficiency and effectiveness of ambulance services.

### J's Cart - E-commerce Website Development | *Angular Framework, Firebase, VS Studio*

**November 2020**

- Developed "J's Cart," an e-commerce website designed to provide a seamless online shopping experience. The project features a user-friendly interface, extensive product catalog, cart management, secure payment processing, and responsive design.
- My role included frontend development, UI design, and continuous optimization for performance and user engagement.

## Technical Skills

### Languages:

- Angular
- Tailwind CSS
- MySQL
- MS Office

### • HTML/CSS

- Javascript

- FireBase

### Developer Tools:

- VS Code

- Eclipse

- Android Studio

### Technologies/Frameworks:

- GitHub

- Angular

## Leadership / Extracurricular

### Fossage 2022

*Coordinator*

**2022**

*Jaya Engineering College*

- Overall management of Event (Player of the Team)
- Managed a website of the Event ([www.jayafossclub.org](http://www.jayafossclub.org))
- Managed a Coding Competition.

### Umanage'23

*Volunteer*

**2023**

*Jaya Engineering College*

- As a Volunteer with the Organisation Team
